

Thank you to those of you who completed the Friends and Family Survey for us in April 2025.

We are delighted with the feedback we received. Out of the 260 patients that completed the survey, 203 felt the service they had received was very good.

We continue to look closely at the feedback we receive both positive and negative to enable us to bring about change where needed and ensure Seaside Medical Centre delivers good patient care both from the clinicians and the many administrative staff.
